

---

## **CELECT ORDER CHECKLIST**

Please be sure to double check if all items necessary for a Celect installation have been ordered. The following are guidelines that should be checked before finalizing order.

---

### **FURRING STRIPS -CELS4S1218UNP**

(Utilized with all window and door accessories and outside corners).  
Average job requires 4-5 furring strips per square. Larger trim profiles may require to double up.

### **STARTER STRIPS**

Average job requires 1 starter strip per square.

### **OUTSIDE CORNERS**

### **INSIDE CORNERS**

### **WINDOW AND DOOR ACCESSORIES**

Utilize 5/8" trim for the most cost effective trim pack out and matching corner width.

### **CORTEX SCREWS WITH COLOR MATCHED PLUGS**

(Used with all accessories, inside and outside corners).  
Each carton covers an average of 250 lineal feet of accessories.

### **CELECT BLOCKS AND MOUNTS**

(Kynar color matched with Celect colors, vinyl products will not work based on expansion pocket). For best result, match siding color.

### **TOUCH-UP BOTTLES OR MARKERS**

(Kynar Paint) Average job requires 1-2 bottles for the siding and 2-4 bottles for trim and accessories.

### **PVC GLUE**

(Some window surrounds and accessories will require glue).

### **SOFFIT OR CELECT BEADED PORCH PLANKING**

**INSTALLER HAS BEEN TRAINED FOR INSTALL AND HAS WATCHED CELECT INSTALLATION YOUTUBE VIDEOS.**
